

## **Medicare do you Review your coverage's annually - MedicareInfoUSA**

*Medicare as well as private health plans, Advantage and Supplements have made changes for 2020-2021. Those currently on Medicare and those just signing up need to be aware of the changes.*

**BOCA RATON, Fla. - Aug. 4, 2020 - [PRLog](#)** -- Changes in pricing as well as basic Medicare coverage has changed again. Do you have the best plan available for your needs? Are you aware of what coverage you currently have? If you are on Medicaid or a Veteran are you aware that you can receive private health care insurance at no cost?

Our Government has learned that it is best to keep Senior's healthy rather than letting them get ill and pay high medical expenses. Secondary Insurance converge options are available and work with Medicare's plans to assist by adding additional coverage and help in covering gaps and additional charges, many at no cost.

In today's world with illnesses related to Covid-19, Cancer, Diabetes, Emphysema and Heart Disease Seniors need to be especially cautious. Now Veteran's and LIS recipients can receive quality Health Insurance protections they earned, at no cost. A Veteran can go to a private doctor outside the VA without having to wait at the VA hospital for a place in line for an appointment.

Due to Healthcare plans and costs changing for many it is a good time to review your coverage's with a knowledgeable professional. If you have or are moving you may need to change your plans registration, we will help you.

With Open Enrollment soon to be available and all the options available additional Medicare coverage's can be confusing. It is very important that individuals be aware of and participate in the best options available to them.

Due to health plans changing coverage's, Doctors, Hospitals and their costs, we recommend choosing an experienced representative that will work for your best interest and assist you in understanding as well as assist in the future. Calling on a television or radio advertisement may not get you a full time representative that will be there in the future if needed.

Cary Nagdeman was originally licensed in 1976, he has helped many over the last 40 years. After turning 65 and going on Medicare Cary has directed his efforts to helping his fellow Seniors as well as working to help reduce Carbon Pollution.
